Values That Define Us

Purpose statement:
Enhance the value of the customer brands by providing specialty glass packaging produced in an increasingly sustainable environment

We believe that values are not just words on a wall, they are lived up to and embodied by everyone. As we evolve, grow and rise above the rest, it becomes imperative to stay true to these values

- Empowerment & Resilience
- Entrepreneurship & Innovation
- Care for People & Society
- Humility & Integrity

Kosamba, India

Our Kosamba facility specializes in producing high-quality glass containers for a wide range of industries. We manufacture USP Type I, II, and III bottles and vials for the pharmaceutical sector, and bottles for the cosmetics and perfumery industry. Additionally, we offer a variety of feeder-colored bottles in various shades. For pharmaceutical applications requiring exceptional durability and chemical resistance, we have a dedicated facility for Type I borosilicate glass. Our premium cosmetics and perfumery bottles are produced in a separate facility, ensuring the highest standards of quality and aesthetics. To complement our glass packaging offerings, we also operate ANSA Deco Glass, an in-house decoration unit that provides specialized design services.

Our Facilities

Jambusar, India

Horana, Sri Lanka

Jambusar, India

Our facility boasts one of the globe's most extensive capacities for pharmaceutical amber-glass packaging. We specialize in producing high-quality Type III amber-glass bottles and vials, as well as Type III flint bottles, catering to the diverse needs of the pharmaceutical, cosmetics & perfumery, and specialty food & beverage sectors.

Horana, Sri Lanka

Our facility in Horana, Sri Lanka produces a diverse range of type III flint and amber glass bottles for the Pharmaceutical, Cosmetics & Perfumery, and Specialty Food & Beverage industries. This facility also boasts the capability to manufacture Feeder-Colored bottles in a variety of hues, complemented by a dedicated in-house glass bottle printing facility.

Pharmaceuticals

At PGP Glass, we are dedicated to providing the highest quality borosilicate glass (Type I) and other pharmaceutical-grade Type II & Type III Vials and Bottles. Through years of meticulous research, unwavering consistency, and relentless innovation, our extensive portfolio of standardized and customized products has earned the trust of leading pharmaceutical companies worldwide.

- **Fastest Growing Type I Borosilicate Glass Facility:** Our state-of-the-art facilities are at the forefront of glass manufacturing, ensuring rapid production and delivery of premium packaging.
- **Dedicated Type I Furnace with Clean Room Facility:** We maintain the highest standards of hygiene and quality control, guaranteeing the integrity of your pharmaceutical products.
- **One of the Largest Portfolios of Glass Packaging:** From vials to bottles, we offer a diverse range of options to meet your specific needs.
- **Global Reach:** Our products are trusted by the top 30 pharmaceutical companies in over 60 countries, demonstrating our commitment to excellence and reliability.

Sustainability

Sustainability is at the core of our Purpose.

Enhance the value of the customer brands by providing specialty glass packaging produced in an increasingly sustainable environment.

Path to Net Zero:

Our roadmap to Net Zero by 2050 is the long-term realisation of our efforts today.

We recognise that creating long-term value increasingly necessitates us understanding the impact of our sustainability strategies on key stakeholders such as investors, employees, customers, regulators, communities and value chain partners, as well as the natural resources on which the company relies. We identify and assess all **ESG** concerns that are material to the business in the context of our vision, mission, and values, such as environmental degradation, product and worker safety, waste creation, and associated issues that could have a negative impact on the business or its stakeholder.
