

Vijay Shah  
Vice Chairman

**Our Purpose:** Enhance the value of the customer brands by providing specialty glass packaging produced in an increasingly sustainable environment.

*Sustainability is at the core of our purpose!!*

## What is EcoVadis?

Since its founding in 2007, EcoVadis has grown to become the world's largest and most trusted provider of business sustainability ratings, creating a global network of more than 100,000+ rated companies. The methodology is built on international sustainability standards, including the Global Reporting Initiative, the United Nations Global Compact, and the ISO 26000, covering 200+ spend categories and 175+ countries. The Sustainability Scorecard is based on seven founding principles and illustrates performance across 21 indicators in four themes : Environment, Labour & Human Rights, Ethics and Sustainable Procurement

## Kosamba site receives much coveted EcoVadis Platinum status

We are thrilled to share with you that our Kosamba site has obtained the prestigious EcoVadis Platinum Medal – the highest honour awarded to top 1% of Companies globally. This remarkable milestone stands as a testament to our unwavering commitment to sustainability, environmental stewardship and corporate social responsibility.

EcoVadis Platinum certification is a significant accomplishment considering that the scoring pattern was revised upwards from this year. What is remarkable, is that we were certified EcoVadis Silver only last year and we have catapulted straight to Platinum in only one year skipping Gold. It is a testament to our outstanding efforts in embedding sustainable practices throughout our business operations. It highlights our dedication to minimizing our ecological footprint, fostering responsible supply chain management, and promoting a culture of sustainability across all aspects of our organization.

Our Kosamba site primarily manufactures Cosmetics & Perfumery bottles and borosilicate Type I vials.

We look forward to your increased patronage to keep our teams encouraged to achieve greater heights in sustainability!
